### Investment strategy

The Fund invests predominantly in deposits with credit institutions and debt securities.

The investment strategy of the Fund envisages investment of the Fund's assets applying a conservative investment strategy with the aim to ensure a predictable growth of the value of the Fund's units with limited fluctuations.

Detailed information about the instruments that can be included in the Fund's portfolio and about its investment strategy can be found in art. 7 – 11 of the Fund's Rules.

### Liquidity

At a request for redemption, the customer receives the amount corresponding to the declared in the order amount after its registration with Central Depository, which is usually done by the end of the business day following the day of accepting the order. Orders can be submitted every working day until 5 p.m.;

The investor may place a redemption order in any of DSK Bank offices where the Fund is distributed, regardless which office he has purchased the units at.

### Profile

DSK Alternative is designed for investors - individuals, who:

- prefer an investment with small changes in profitability (low risk) with relatively constant return;
- want to have secure and immediate liquidity without jeopardizing the achieved investment income;
- seek to increase the return on their free cash in a short-term period;
- want to diversify the risk of their portfolio;
