Investment strategy

The investment strategy of DSK Balance envisages reception of capital gains from securities, dividend/income proceeds from equity securities, as well as current incomes from debt securities and other instruments.

The Fund invests predominantly in liquid shares admitted to or traded on a regulated market in the Republic of Bulgaria, in debt financial instruments with potential for price growth and in fixed income instruments.

Detailed information about the instruments that can be included in the Fund's portfolio and its investment strategy can be found in Art. 6b - art. 8b of the Fund Rules.

Liquidity

At a request for redemption, the customer receives the amount corresponding to the declared in the order amount after its registration with Central Depository, which is usually done by the end of the business day following the day of accepting the order.

Orders can be submitted every working day until 5 p.m.;

The investor may place a redemption order in any of DSK Bank offices where the Fund is distributed, regardless which office he has purchased the units at.

Profile

DSK Balance has been designed for investors, who:

- are looking for an investment that can generate higher returns when bearing moderate investment risk;
- want to have secure and immediate liquidity without jeopardizing the achieved investment return;
- are willing to invest medium and long term;
- want to diversify the risk of their portfolio.
