**Investment strategy**

DSK Dynamics can invest in all classes of assets traded on the financial and capital markets in the country and abroad, including derivative financial instruments, through which it can hold "long positions" as well as "short positions". The Management Company will follow the Absolute Return Strategy in managing the Fund's portfolio, aiming to achieve a result that exceeds the Reference Index yield (12M EURIBOR + 1%), regardless of the movement of financial markets within the minimum recommended investment horizon of 3 years in taking moderate to high risk.

Detailed information about the instruments that can be included in the Fund's portfolio and its investment strategy can be found in Art. 8 - art. 11 of the Fund Rules.

**Liquidity**

At a request for redemption, the customer receives the amount corresponding to the declared in the order amount after its registration with Central Depository, which is usually done by the end of the business day following the day of accepting the order. Orders can be submitted every working day until 5 p.m.;

The investor may place a redemption order in any of DSK Bank offices where the Fund is distributed, regardless which office he has purchased the units at.

**Profile**

DSK Dynamics is designed for investors, who:

- are looking for an investment that can yield a return exceeding the referent index return within the minimum recommended investment horizon of three years;
- wish to have a secure and rapid liquidity without jeopardizing the investment income achieved;
- are willing to take a higher investment risk looking for higher profitability.
