Investment strategy

The Fund invests mainly in liquid shares of companies in the consumer goods, healthcare (including pharmacy) sectors, utilities, telecommunications, real estate, oil and gas, and in exchange-traded funds investing predominantly in shares of companies in the these sectors, with potential for price growth, admitted to or traded on a regulated market in Bulgaria or abroad, as well as in debt financial instruments.

Detailed information about the instruments that can be included in the Fund's portfolio and its investment strategy can be found in Art. 8 - art. 11 of the Fund Rules.

Liquidity

At a request for redemption, the customer receives the amount corresponding to the declared in the order amount after its registration with Central Depository, which is usually done by the end of the business day following the day of accepting the order. Orders can be submitted every working day until 5 p.m.;

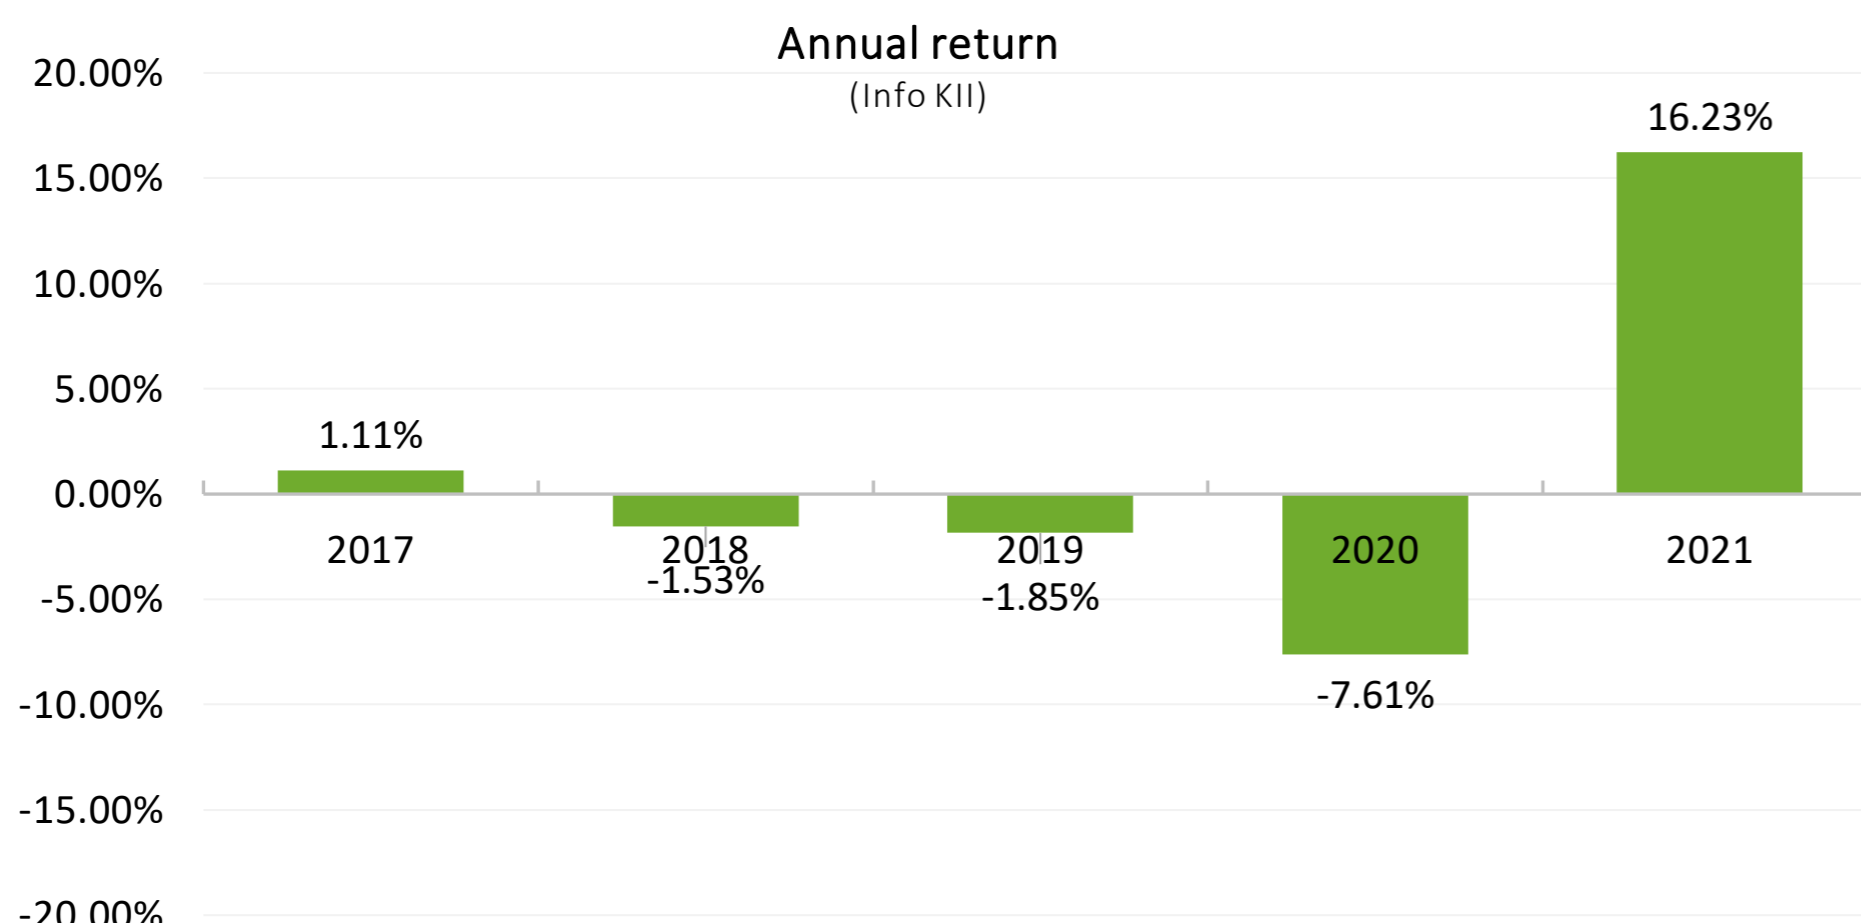

The investor may place a redemption order in any of DSK Bank offices where the Fund is distributed, regardless which office he has purchased the units at.

Profile

DSK Global defensive companies is designed for investors, who:

- want to diversify the risk of their portfolio by investing mainly in shares of countercyclical companies / industries;
- are willing invest in the medium and long term;
- are seeking to increase the return of their free cash in medium and long term.
