Investment strategy

The Fund invests mainly in liquid shares and equity securities with potential for price growth, traded on regulated markets in Bulgaria and abroad. DSK Growth's investment strategy envisages the realization of capital gains, dividend income, as well as current income from debt securities and other financial instruments. To achieve its objectives, active management of its portfolio of shares and debt financial instruments is applied.

Detailed information about the instruments that can be included in the Fund's portfolio and its investment strategy can be found in Art. 6a - art. 8b of the Fund Rules.

Liquidity

At a request for redemption, the customer receives the amount corresponding to the declared in the order amount after its registration with Central Depository, which is usually done by the end of the business day following the day of accepting the order. Orders can be submitted every working day until 5 p.m.;

The investor may place a redemption order in any of DSK Bank offices where the Fund is distributed, regardless which office he has purchased the units at.

Profile

DSK Growth has been designed for investors, who:

- are looking for an investment that can bring the highest possible return when assuming moderate to high investment risk;
- want to have secure and rapid liquidity without jeopardizing the achieved investment income;
- are ready to invest their funds for mid-term and long-term plan;
- want to diversify the risk of their portfolio.
