**Investment strategy**

The main objectives of the Fund are to increase the value of investments in the long run while assuming moderate to high risk, as well as to provide liquidity to customers. The Fund invests primarily in open-ended collective investment schemes following an absolute return strategy or those investing primarily in equities and/or financial instruments (derivatives) related to commodities, managed by OTP Fund Management, Hungary. In addition - to a lesser extent, in mutual funds investing in bonds, managed by DSK Asset Management AD. Through them, an opportunity can be sought for the realization of results from different regional capital markets and different asset classes in both upward and downward trends in asset prices.

**Liquidity**

At a request for redemption, the customer receives the amount corresponding to the declared in the order amount after its registration with Central Depository, which is usually done by the end of the business day following the day of accepting the order. Orders can be submitted every working day until 4 p.m.; The investor may place a redemption order in any of DSK Bank offices where the Fund is distributed, regardless which office he has purchased the units at.

**Profile**

DSK-OTP Premium Mix is designed for investors, who:

- are looking for an investment that can achieve a long-term result through a portfolio composed of various other funds with a possibility of more significant current changes (increase or decrease) in the value of the invested funds;
- wish to have a secure and rapid liquidity without jeopardizing the investment income achieved;
- want to take advantage of the opportunities that a professionally managed portfolio of various investments can provide.
