# The information is available in Bulgarian.

Investors should keep in mind that the unit value of the Mutual Fund and the generated income can decrease. Profit is not guaranteed, and they bear the risk of not retaining the initial value of their capital. Investments in units of the Mutual Fund are not insured neither by a Government Fund nor in any other way. Previous performance of the Fund has no relationship with nor is an indicator of future results.

Detailed information about the units of Mutual funds distributed by DSK Bank can be obtained from the Bank's offices,

The data in the Bulletin is based on values publicly announced on the last business day of the month.

# Investment strategy

The Fund's strategy envisages, in order to protect the increase in the value of the unit-holders' investments, to invest the bulk of the assets in securities issued or guaranteed by the Bulgarian state, a Member State or a third country, municipal bonds, corporate bonds and/or bank deposits with credit institutions domiciled in Bulgaria, in another Member State or in a third country and/or in shares/units of collective investment schemes domiciled in Bulgaria or abroad investing principally in money market instruments. The Fund may invest in such a way as to ensure exposure to indices of European companies' shares, notably through investments in derivative financial instruments.

Detailed information about the instruments that can be included in the Fund's portfolio and its investment strategy can be found in Art. 7 - art. 11 of the Fund Rules

# Liquidity

At a request for redemption, the customer receives the amount corresponding to the declared in the order amount after its registration with Central Depository, which is usually done by the end of the business day following the day of accepting the order.

Orders can be submitted every working day until 5 p.m.;

The investor may place a redemption order in any of DSK Bank offices where the Fund is distributed, regardless which office he has purchased the units at.

# Profile

DSK Stability-European equities has been designed for investors, who: • prefer an investment that complying with an open and limited period of the Fund has a possibility to protect the originally invested amount;

• seek opportunities for greater profitability, linked to the results of index/indices based on European companies:

(based on the NAVU, til 28/02/2020)

· seek an investment with low to moderate risk.
